Decorative ring of the lighting TULID OV MAT Black

TULID recessed luminaires are universal and minimalistic- they are round and square luminaires with a white and black finish. An adjustable, recessed ring makes it possible to adjust the angle of incidence of light, as well as precise lighting and highlighting the details of the room arrangement. By adjusting the appropriate number of eyelets, the location and power of the light source, it can also be used as the main lighting.

| SPECIFICATIONS | EDO777445 |
